3 WAYS TO BE A *Killer Brownie*[®] Connoisseur

DIY Ice Cream Sandwiches

Cut your favorite Killer Brownie[®] flavor in half through the center. Prior to assembling, put your ice cream in the fridge so that it's slightly pliable (not melting). Thickly spread ice cream in the middle part of the bottom brownie. Add top and gently press down until ice cream is even at the edges. Freeze until ice cream is firm.

Drink Topper

Whether you are crafting a chocolate martini or are taking that glass of chocolate milk to the next level, adding a Killer Brownie[®] topper is a fun addition to the rim of the glass. Simply quarter your brownie and add a 45° angle cut to the bottom of the brownie piece. Drizzle a cold glass with chocolate for extra flair!

Make Killer Brownie[®] *Pops*

1. Quarter a Peppermint Killer Brownie[®] and then skewer each piece through the bottom with a cake pop stick (about 1/2 inch).
2. Crush peppermint sticks into small pieces and set aside. Heat melting milk chocolate in a pan or shallow dish according to package directions.
3. Dip half of the quartered brownie gently into the chocolate. Remove from chocolate and immediately sprinkle with crushed peppermint. Sit upright to let set. Refrigerate until ready to enjoy!

Peppermint Killer Brownie[®]

This seasonal twist is back for a limited time! A generous layer of peppermint cream topped with white chocolate chips is sandwiched between two fudgy brownies with creamy caramel.

The Art of Our Artisan Bread

There are no shortcuts when it comes to true Artisan Bread—hand-shaped loaves with a perfectly golden, chewy crust that house an airy interior. Nearly 30 years ago, we committed to baking our bread from scratch, hauling in a massive European hearth oven and hiring the best bakers in the industry.

Fueled by passion and expertise, our cadre of artisan bakers bake from scratch using old-world methods, natural fermentation, and time-honored techniques. This is coupled with their instincts of knowing just what to do with the finicky behavior of dough.
