Dorothy Lane Market Breaks Ground in Mason, Announces General Contractor

MASON, OHIO—Dorothy Lane Market broke ground today for its upcoming fourth location in Mason, Ohio. The gourmet grocer held a small, private gathering at the construction site to commemorate the milestone, including officials from The City of Mason, Traditions Building & Development Group, Western Row Land Developers, and Cintech Construction, the general contractor for the Mason location.

“We are thrilled to open our newest store in Mason! We can’t wait for the opportunity to be a part of the community and make people happy with our unique shopping experience,” says Calvin Mayne, DLM President. Dorothy Lane Market, which has three locations in the Dayton area, was founded in 1948 by the Mayne family and continues to be locally owned and operated by the family. “We’ve had customers from Mason and greater Cincinnati shop with us for many years. It’s a thrill to be one step closer to extending the quality and customer service we pride ourselves on to this community,” says Norman Mayne, DLM CEO.

The site is located at the corner of Mason-Montgomery and Western Row Roads and is part of a mixed-use planned community, co-developed by Traditions Building & Development Group and Western Row Land Developers. “We’ve worked together with Dorothy Lane Market and WRLD for many years to make this a reality,” said City of Mason Mayor Barbara Spaeth. “What a delight the day is finally here to help Dorothy Lane Market break ground. It is going to be a wonderful destination for Mason and all of Cincinnati.”

DLM Mason will be the largest location for the independent grocer. The space will encompass an approximately 50,000-square-foot main level and a 9,000-square-foot mezzanine, which will include an on-site Culinary Center. As a frame of reference, the Springboro location, which opened in 2002, is about 40,000 square feet.

Cintech, a general contractor well-versed in retail spaces, was selected for the Mason location in early October, after store design plans were finalized by the gourmet grocer. “Cintech is excited to be the selected General Contractor for Dorothy Lane Market to build their newest grocery market in Mason. It means a lot to us to have this opportunity to contribute to their growth in serving Southwest Ohio,” says Roger B. Wade, Cintech President. DLM will be able to provide a more accurate projection for opening once construction is further along.
